

WEDNESDAY, MARCH 23, 1887.

Work on the extension of the P. & A. C. R. R., southward, it is said will commence about the first of April.  
Mrs. Sullivan's store has an attraction for the ladies these days, being supplied with a lot of new millinery goods.  
Major Okey came in from Camp Verde last evening, en route to Fort Mohave with a lot of mules for the government.

The train was about an hour late this afternoon. The delay was caused on account of the track being streightened.  
C. B. Foster took charge of the territorial treasurer's office yesterday and H. L. Andrews of the auditor's office today.

Members of the C. T. Society, will "come together" at the residence of Mr. and Mrs. G. A. Bray, to-morrow evening.  
The Hassayampa engine was beautifully decorated today with American flags and green streamers, in honor of St. Patrick.

New type, fine large presses, low prices and first-class workmen are the recommendations of the JOURNAL-MINER Job department.

Machinery for a planing mill for the P. & A. C. R. R., arrived yesterday and will be put in position immediately by Messrs. Cartmell and Potts.

John Bauman the well known caterer, will dispense soda water and other refreshments at the ball this evening. He will also furnish the supper at 50 cents per head.

W. O. O'Neill is canvassing the business men of the town for orders for a pamphlet, which he contemplates publishing by the 1st of May, setting forth the resources of this section of Arizona. The work will be illustrated.

The advertisement of the board of prison commissioners for proposals for furnishing sundry supplies to the territorial prison for the fiscal year, commencing July 1, 1887 and ending June 30, 1888, occupies an entire page of the Yuma Sentinel.

The erection of sampling works in Prescott has already given a great impetus to mining in this section. Reports from every district in the county are very encouraging and miners are going to work to take out ore to develop their claims, now that a market is assured them.

Complaint is made of the scarcity of pack animals at present in Prescott. A gentleman informed us last evening, that he could give employment to 100 animals for the next three months, if he could secure them. There are a number of pack trains in the county unemployed and if the owners will come this way they can procure work for them.

The city hall has been overhauled and decorated for the ball to be given there this evening in honor of St. Patrick. The committee having the affair in charge are doing all in their power to make the occasion an agreeable and enjoyable one. The orchestra of the 9th Infantry band, at Whipple, under the leadership of Prof. Merz has been engaged and will dispense good music.

The brilliant light at Goldwater's last night attracted quite a crowd. The store formerly lighted by thirty-three ordinary candles is now lighted by three "globe incandescent lamps" of 400 candle power each. The light given is a soft, steady and brilliant light. We noticed two stacks of ladies corsets marked down to fifty and seventy-five cents a pair, which seemed to us bargains. We also saw a fine assortment of ladies handbags, purses, trunks and valises, which have just been received and are of the very latest styles. A visit to the store is worth taking, and all are welcome. One of their latest importations is a patent remedy for snake bite, manufactured in the Keystone state, under the brand of "Mongram." Having tried it we can recommend it for purity, excellence of flavor and taste.

The General manager of the Overland is now making a tour of observation over the extensive rigon to be reached from its Los Angeles office, establishing sub-agencies, gathering material for future magazine articles, and securing new contributors to write important outdoor and descriptive articles of permanent interest to all the readers of the magazine. Articles are now in preparation or promised at an early day, upon all the leading industries and resources of Southern California. The April number will contain an article upon "Bellona Lake and Harbor," and a story, the scene of which is laid among the southern California Colonies. Other announcements will be hereafter made.

Since the erection of his bath house, Isaac Helm, city engineer, has lots of visitors at the pump house.  
Prof. Gleason and Stewart Trible will leave for the natural bridge across Fossil creek, in Tonto Basin, to-morrow.  
Both of the chief clerks of the legislature are engaged with the code commission in fixing up the laws passed at the recent session.

The Palace and Cabinet saloons are now lighted with "globe incandescent lamps," 400 candle power, purchased at M. Goldwater's.

Everybody went to the promenade concert and ball given in the city hall last evening, the attendance being larger than at any affair of the kind given in Prescott for a long time. At 8 o'clock the entire band of the 9th Infantry, commenced to disperse music, which was kept up until 10 o'clock, when the grand march was announced and dancing commenced and was kept up until about 3 o'clock this morning. At midnight supper was served by Jules Baumann, and discourses of assistants in the supper room down stairs. The hall was beautifully decorated for the occasion, the various committees performed their work well and everything passed off pleasantly. Much credit for the success of the party is due to M. Hickey and Judge W. O. O'Neill.

Dr. C. C. Barrows has resigned his position as surgeon in the U. S. army, and is now living in New York, where he enjoys a very lucrative practice.  
A sparring match, with soft gloves, will be given this evening at the Little Casino saloon, between colored champions, which promises to be quite interesting.

Captain C. P. Eagan, chief commissary division of the Pacific, stationed at San Francisco, arrived on yesterday's train, and received a hearty welcome from his numerous friends here. He went out to Alexandra today.

Hon. "Fatsy" Collins of Mohave county, left for home today, being the last member of the 14th legislative assembly, to leave Prescott. Mr. Collins labored well for the interests of his constituents, during the session.

Sam Miller has recently spent about \$1,000 in having the Miller mansion, one mile west of town, repaired and otherwise "fixed up." Sam is one of the "hassayampas," of Hassayampa, but keeps abreast of the times in enterprise.

The C. T. Society had a very pleasant meeting at the residence of Mr. and Mrs. G. A. Bray, last evening. The attendance was quite large and a very interesting program had been prepared by the committee for the entertainment of the guests. A sumptuous lunch, prepared by the hostess, was served during the evening. It was decided to hold the next meeting at the residence of G. H. Curry, West Prescott, in two weeks.

Tax-collector W. C. Bashford, has been postponing the sale of property advertised for delinquent taxes from day to day, so as to give the taxpayers every possible show of settling with the county without extra costs. Judge W. O. O'Neill left for a business trip along the line of the Atlantic and Pacific railroad today.  
Dr. D. J. Brannen has been appointed postmaster of Flagstaff, and will assume the duties of the office on April 1st, next.

The Palace saloon was visited by a large number of people on Saturday evening, to listen to Mme. Marie Zora sing and play.  
The Champion still mourns the fate of Ashurst's pool table "Frisco" (county), which met with premature strangulation in the council.  
Wilson and White have been remanded without bail to appear and answer the charge of murder for the killing of the old man Cleveland and wife.

Mr. and Mrs. Deakin and Mrs. Jas. A. Bayard have gone east. Dr. Halsey accompanied them as far as Seligman and the secretary will go through to New Mexico with them.  
Albert Clark of Marysville, California, is visiting his cousin, Geo. H. Curry, in Prescott. The latter took him out in a buggy yesterday to show him the beauties of nature surrounding Prescott.

We have heard a number of democrats, within the past few days, curse the day a democratic legislature convened in Prescott. High license was the cause of the "cussing."

Applications for copies of our exchange, of the Tucson Star, have become so numerous lately, that we have decided to keep it on file in this office, where all parties who desire to do so can call and read it.

B. F. Sloan and Joseph Dougherty will commence making tri-weekly trips between Prescott and Walnut Grove, to-morrow, to accommodate the travel between these two points. Fare \$5 or \$8 for the round trip. Their advertisement will be found in another column.

The Railroad hotel, at Prescott Junction, will be formally opened on Friday evening, April 1st, with a grand ball and supper. Excursion tickets will be sold on the P. & A. C. R. R. at about \$6.00 per couple for the round trip, including ball ticket and supper, a rate which will certainly induce a lot of our people to make the trip.

We desire to call the attention of the ladies to the dressmaking card of Miss Ida Simpson in this issue. Miss Simpson has opened dressmaking parlors at Mrs. Curtis', where she will be pleased to attend to all orders given her. She is an artist in this business, and ladies desiring first class work in the very latest styles will do well to give her a call.

Judge J. H. Wright, our new chief justice, has created a favorable impression with attorneys and others with whom he has become acquainted. He is spoken of as a lawyer of exceptionally fine ability and it is to be hoped that Arizona may have no occasion to regret his appointment as chief justice of the territory. The JOURNAL-MINER welcomes him to our midst.

Geo. W. Ford, the cigar man, wore a broad brimmed smile all over his countenance yesterday and "set up" the cigars to the printers in both newspaper offices. The occasion of this smiling generosity on his part, arose from the fact that at an early hour of the morning he was compelled to take down the family Bible from its shelf and inscribe therein, on the pages devoted to family records, the birth of another daughter.

The marriage notice of P. L. Kastner and Miss Florence Thorne, which will be found in this issue, will no doubt be read with pleasure by the many friends of the happy couple, whom the JOURNAL-MINER joins in extending congratulations. The bridegroom is well known to our people as an honest and upright business man, while the bride is a popular young lady. The printers were remembered by the former for which he has their thanks and best wishes for happiness.

The JOURNAL-MINER visited city Engineer Helm, on Saturday afternoon at the engine house of the water works, and was shown through the institution. The great pumps, which by the way, shone as brightly as a newly coined silver dollar, were busy at work, having up to 4 o'clock registered 16,000 strokes, each stroke throwing twelve gallons of water into the reservoir on the hill, or a total for the day of about 200,000 gallons. The machinery is kept in such fine condition and performs its work so noiselessly that it was not until after we had entered the building that we were aware that it was in motion. Mr. Helm evidently understands his business and takes a pardonable pride in keeping his machine in good order. He has recently fitted up a bath room near the pump house, which is supplied with hot and cold water and shower attachments.

Their Business Booming.  
Probably no one thing has caused such a general revival of trade at C. G. Hutchinson's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

## FROM TUESDAY'S DAILY.

Ed. Long, an old time Prescottite, returned to-day from a six weeks' visit to California, where he went to look after an estate in which he is interested. Ed. says it is his intention to stay with the country notwithstanding the report that he had left the country to remain away.

Captain C. P. Eagan U. S. A., formerly chief commissary of the department of Arizona, paid the JOURNAL-MINER office a very pleasant call today. The captain left on this afternoon's train for San Francisco. He informed us that active work would be commenced very soon on the Peck mine with a large increased force of miners.

The Women's Relief Corps was re-organized yesterday in Prescott by Mrs. Ella Sterling, and the following officers were installed: President, Mrs. Pauline O'Neill; Sen. Vice President, Mrs. Mary DeWitt; Jun. Vice President, Mrs. Rose Schindler; Treasurer, Miss Anna Sherman; Conductress, Miss Mary Ford; Chaplain, Mrs. Adah Thomas; Secretary, Mrs. Lulu Schleicher. The membership numbers over twenty.

During his recent visit to California, Oscar Vanderbilt succeeded in making arrangements whereby parties from the east holding excursion tickets to California, will be permitted to visit Prescott. The P. & A. C. R. R. will give them the privilege of doing so on the payment of one fare, and Mr. Vanderbilt assures us that a large number of excursionists, now in the Golden state, will avail themselves of the generous offer to visit the capital of Arizona.

About noon yesterday Carl, the ten-year-old son of Mr. and Mrs. C. T. Haydon of Tempe, met with a terrible accident, which, fortunately was not fatal. The child, together with a playmate found a giant powder cap among some straw. He picked it up with the thumb and forefinger of the left hand and struck it against a wagon tire. The effect of this action was to explode the cap, blowing off the first finger, breaking the second, and terribly lacerating the thumb and palm of the hand.—Gazette.
